# Flavelle Adopt a Rink Update

As of mid-December, thanks to our awesome volunteers, the Flavelle rinks were almost, but not quite ready. Jason and the rink crew have completed all the initial work to get the Flavelle Park ice rinks ready for the season and the first

flood was done in early December. The crazy Alberta weather has been warm, then freezing, then... well, you know. More floods will be done to get the rinks ready for action. Please obey the signage at the park.

Whether you're interested in helping out or would just like to know what's going on at the rinks, feel free to join our Flavelle Rink Crew Facebook page. Rinkmaster Jason updates the page with rink conditions and use, and whenever he needs volunteers to help out. Members also post some great pictures of everyone using the rinks. If you're interested in getting involved, this is a great way to join in. You can also email Jason at [rink@fairviewcommunity.ca](mailto:rink@fairviewcommunity.ca).

## Outdoor Rink Volunteer Opportunities for All Ages!

We are so excited for another great year of skating at the Flavelle Park! Here is a list of the different tasks required throughout the season. If any of them are something that you would be able to help with, then please contact [rink@fairviewcommunity.ca](mailto:rink@fairviewcommunity.ca) or visit our Facebook page Flavelle Rink Crew. All ages are welcome to help out.

**Flooding** - We have a water truck to come pour usually early evenings and sometimes daytime. Assist the truck where needed and monitor the boards and tarp to make sure things are in order.

**Maintaining** - Throughout the season we monitor holes and other issues with the ice. While the rink isn't being used you can use hot water and snow to make slush and fill in the holes. We also do some general cleanup which makes for a better experience for all.

**Take down** - At season-end, we take the rink apart. A larger group makes disassembly, loading and moving to storage at the Fairview Park, much easier.

**Other events** - If you are interested in organizing or helping out at other events, then please reach out.

## A Record-Breaking Afternoon: Bowling with Santa Wrap-Up!

Fairview really brought the festive spirit to Toppler Bowl on Sunday, December 14! We are thrilled to announce that this year's Bowling with Santa was our most successful one yet, with 77 attendees joining us for an afternoon of strikes, spares, and holiday cheer.

It was wonderful to see so many neighbours—from our youngest bowlers to our seasoned pros—filling the lanes and enjoying a special visit from Santa himself. The energy was high, the prizes were a hit, and the sense of community was stronger than ever.

### A Heartfelt Thank You

An event of this size simply wouldn't be possible without the helping hands of our dedicated community. We want to extend a huge thank you to our volunteers who gave their time to help with registration, organizing

prizes, and ensuring everything ran smoothly. Your hard work behind the scenes is what makes Fairview such a vibrant place to live!

We also want to thank the team at Toppler Bowl for hosting us and, of course, everyone who attended and made this our biggest turnout on record.

Missed the fun? Make sure you're following our social media pages and subscribed to our e-news so you're the first to know about our next community event!

# Tobogganing/Sledding Safety

by Alberta Health Services

Emergency Health Services (EHS) – Alberta would like to remind parents and children about toboggan/sledding safety tips. Injuries may result from collisions with stationary objects on the hill, such as trees, poles, rocks, or even collisions with other people. Unprotected falls can also result in more serious injury if you lose control at high speeds. However, everyone can be safe on the hill by following these reminders.

### Equipment

- Always ensure your toboggan, or sledding device, is in good repair. Inspect it for any damaged or missing parts before each use.
- Be certain the operator is fully capable of staying in control of the sled at all times.
- Wear a ski helmet designed for use in cold weather and high speeds.

### Hazards

- Avoid hills that are too steep or icy.
- Choose hills free of all obstacles such as trees, rocks, utility poles, benches, or fences.
- Beware of loose scarves, or clothing containing drawstrings, which could present a strangulation hazard if they become caught or snagged.

- Look out for others. Move quickly to the side after finishing a run and stay to the side of the sliding path when walking up the hill.
- Children should be supervised by an adult; try not to toboggan alone.
- Sledding at night is not advised.

### Plan Ahead

- Anticipate weather changes and plan accordingly.
- Wear warm, insulating layers closer to the body, and wind/waterproof layers on the outside.
- Consider bringing extra sets of gloves and toques to exchange wet garments for dry ones.
- Take breaks out of the cold to warm up.
- Even when properly protected from the elements, the fingertips, toes, ears, the tip of the nose, and other high points on the face such as the forehead and cheek bones can be affected by frostbite; therefore, attempt to cover up any exposed skin.
- If frostbite has occurred, treat it by first getting out of the cold environment, or at least sheltered from any wind chill.
- Gently warm the affected skin by placing a warm hand over it, or by placing the affected part in warm - not hot - water until rewarmed.

## Asian-Style Chicken Noodle Soup

by Jennifer Puri

A comfort food ideal for cold weather, variations of chicken soup can be found in cuisines around the world.

Chicken soup is typically made with chicken broth and can include pasta, noodles, rice, dumplings, barley, leeks, celery, onions, carrots, matzo balls, and potatoes.

In some cultures, chicken soup is believed to have healing properties and is served to the sick and the elderly. Chicken soup is filled with protein and vitamins which can help boost immunity.

**Prep Time:** 20 minutes

**Cook Time:** 25 minutes

**Servings:** 3 to 4

### Ingredients:

- 1 lb boneless, skinless chicken breasts, cubed
- 2 green onions, finely sliced
- 3 heads of bok choy, quartered
- ½ red bell pepper, thinly sliced
- 2 carrots, thinly sliced
- 1 tsp. crushed garlic
- 2 tsp. crushed ginger
- 2 tsp. sodium reduced soya sauce
- 1 tbsp. olive oil
- 2 tbsp. rice vinegar

- 1 tsp. red chili flakes
- 6 cups sodium reduced chicken broth
- 1 cup water
- 4 oz. vermicelli noodles broken into thirds
